Principles of Surgery (Classic Reprint) (Paperback)

Filesize: 1.98 MB

Reviews

This book may be worth purchasing. It typically fails to expense excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Ken Watsica)

PRINCIPLES OF SURGERY (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Principles of Surgery A modern work on the principles of surgery in the English language has become a generally and well-recognized necessity. The recent great discoveries relating to the etiology and pathology of surgical diseases have made the text-books of only a few years ago old and almost worthless. The many treatises on surgery, by American and English authors, which have made their appearance in rapid succession during the last ten years or more, are replete with valuable practical information, but most of them are defective in those parts relating to the matter treating of the fundamental principles of the art and science of surgery. It has been my aim to write a book for the student and general practitioner which should, at least in part, fill this gap in surgical literature, and which should serve the purpose of a systematic treatise on the causation, pathology, diagnosis, prognosis, and treatment of the injuries and affections which the surgeon is most frequently called upon to treat. The successful study and practice of any branch of the healing art require a thorough knowledge of the principles upon which it is based. The student who has mastered the principles of surgery will have no difficulty in applying his knowledge in practice, while the one who has burdened his memory with numerous details to meet special indications is always at a loss in making prompt and judicious use of his therapeutic resources when confronted by rare lesions or unexpected emergencies. In writing this book it has been my intention to keep in constant view the difference between the cellular processes, as we observe them in regeneration and inflammation, and...
