LUATH PRESS LTD, United Kingdom, 2016. Paperback. Book Condition: New. 2nd Revised edition. 211 x 175 mm. Language: English . Brand New Book. The Watershed of Scotland is a line that separates east from west; that divides those river basin areas which drain towards the North Sea on the one hand, and those which flow west into the Atlantic Ocean on the other. It s a line that meanders from Peel Fell on the English border all the way to the top at Duncansby Head, near John O Groats - over 745 miles, through almost every kind of terrain. The Watershed follows the high ground, and offers wide vistas down almost every major river valley, towards towns and communities, into the heartlands of Scotland. Ribbon of Wildness provides a vivid introduction to this geographic and landscape feature, which has hitherto been largely unknown. The rock, bog, forest, moor and mountain are all testament to The Watershed s richly varied natural state. The evolving kaleidoscope of changing vistas, wide panoramas, ever present wildlife, and the vagaries of the weather, are delightfully described on this great journey of discovery. Along the route of the Watershed the general emptiness of the journey will strike the walker all the way, creating a unique, beautiful, spiritual dimension to the walk.
