Createspace, United States, 2014. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.A Note to the Instructor.The Chain Saw and Crosscut Saw Training Course is a 16- to 32-hour course for basic to intermediate chain saw and crosscut saw users. The course is designed to provide the technical knowledge and skills that employees or volunteers will need to use these tools safely. For specific needs, such as small limbing and bucking projects by volunteers, portions of the course can be adapted and modified. The reduced course can then be taught in less time. Certification is still required. Remember, the primary objective is to provide classroom and field training for anyone using chain saws and crosscut saws. The materials, such as the Chain Saw and Crosscut Saw Training Course Instructor s Guidebook (0667-2804-MTDC) and the Chain Saw and Crosscut Saw Training Course Student s Guidebook (0667-2805-MTDC), are designed to be presented in a variety of ways: through lectures, discussions, audiovisual aids, classroom exercises, and field training. Instructors shall comply with the procedures outlined for the field training and evaluation (chapter 6) of this training course. Because of the different types of vegetation that chain saw and crosscut sawyers experience when working throughout the United States, instructors should supply additional materials, such as slides showing vegetation typical in the area and regional statistics regarding accidents and safety trends.
