Excerpt: . . . Special Publication 800-53A Guide for Assessing the Security Controls in Federal Information Systems The guidelines provided in this special publication are applicable to all federal information systems other than those systems designated as national security systems as defined in 44 U. S. C. , Section 3542. The guidelines have been broadly developed from a technical perspective to complement similar guidelines for national security systems and may be used for such systems with the approval of the Director of National Intelligence (DNI), the Secretary of Defense (SECDEF), or the Chairman of the Committee on National Security Systems (CNSS), or their designees. State, local, and tribal governments, as well as private sector organizations that compose the critical infrastructure of the United States, are also encouraged to consider the use of these guidelines, as appropriate. Organizations should use as a minimum, NIST Special Publication 800-53A in conjunction with...
