ASTROLOGICAL PRACTICE OF PHYSICK

DOWNLOAD PDF

Astrology Classics. Paperback. Book Condition: New. Paperback. 272 pages. Dimensions: 8.5in. x 5.5in. x 0.6in.Contrary to modern beliefs, the medieval world was not one of superstition and ignorance. True, they lacked what we know as science, but on the other hand, they were in possession of a coherent philosophy of life, handed down to them from the Greeks and Romans, which had been further hammered out in a thousand ways over the course of centuries. When luck was with them (the period was, above all, poor), medieval peoples were surprisingly successful in dealing with the problems of everyday life. Joseph Blagrave used planetary hours to harvest herbs in the hour of the planet which ruled it. So, for example, Angelica, which is ruled by the Sun, is harvested in the first hour after sunrise on Sunday. Nightshade, ruled by Saturn, is harvested in the first hour after sunrise on Saturday. Onions, ruled by Mars, are harvested in the first hour after sunrise on Tuesday. Such plants and herbs are supercharged. They exude the energies of the planet which rules them. Astrological medicine hinges on astrological definitions of the ailment, as in what planet caused the injury, which then determines the plant which has the same - or the opposite - planetary energy. It is therefore essential that plant has the maximum amount of the appropriate planets energy. Such is the fundamental basis of Blagraves practice. The book starts with a list of herbs and plants, sorted by planet. In general this is similar to what you will find in Culpepers Herbal, though with variations. Blagrave assigns numerical values to the planets (Mars gets the numbers 2, 4, 7 and 9, the Sun gets 1, 3, 4, 10 and 12) and seems to assign specific numbers to specific plants, but the...
