Dr. Yonette Weber, the young geologist brought in to oversee the project after the previous manager s fatal accident, quickly finds herself in the middle of a battle for the island s most precious resource-land. Those opposed to the energy plant include a religious group that worships the volcano goddess Pele, local ranchers and environmentalists, the oil industry, and the military. What s more, as Yonette works to complete the project on time, someone is secretly watching her and tracking her movements. Yonette s growing attraction to Brad Hudson, a charismatic resort developer, puts them both at risk. Eruptions on Kilauea, more fatalities, a priceless red crystal with untold powers, and Madame Pele herself add to the danger, leading up to a fiery climax in the very heart of the volcano.
