2000 Plus Wales Map

By Gordon D. Henderson

Gordon D.Henderson, United Kingdom, 2013. Sheet map, folded. Book Condition: New. 232 x 130 mm. Language: English . Brand New Book. 2000 Plus Wales is a comprehensive, full-colour map of all Welsh summits over 2000ft based on information from The Mountains of England and Wales - Volume 1 Wales by John and Anne Nuttall - an invaluable tool for outdoor enthusiasts to plan their next ascent and track their progress. This first edition (and companion to 2000 Plus England also by the same author), depicts all 190 summits in Wales over 2000ft, comprising 93 main peaks and 97 subsidiary tops. Also included for the enthusiast are 91 minor summits over 2000ft but with insufficient re-ascent to merit similar status. Mountain profiles are interspersed between a comprehensive list of all summits, providing an instantly recognisable silhouette of the mountain ranges and their relative positions. The list also includes heights and a symbol to capture summits attained. Layer tints highlight the relief of the rugged mountain landscape of Wales and the geographical distribution of all summits. All this within a glossy protective card cover. Further information includes road and rail routes; hostels; coverage of relevant Ordnance Survey 1:50,000 Landranger maps; a simple...
