Gifted and Talented: IQ Training: Brainstorm: IQ Training Test Workbook for Ages 3-6 (Paperback)

Filesize: 9.47 MB

Reviews

Thorough guide! Its such a very good go through. It is really simplified but surprises in the 50 % from the ebook. You will like how the blogger write this ebook.

(Mr. Brandt Kihn)

Createspace, United States, 2014. Paperback. Book Condition: New. 272 x 214 mm. Language: English . Brand New Book ***** Print on Demand *****.The book IQ Training consists of 60 pages of colorful and appealing pictures that help children pay attention while they challenge their IQ to complete specific problems. One of the secrets to raising an intelligent learner is to emphasize the importance of education at a very young age. They are naturally curious and desire to explore everything. This period of time sets the stage for their future attitude towards learning. Though some children may be born with a uniquely high IQ, others may have to reach their potential by being given appropriate stimuli and training. The obstacle that many parents encounter in this process is finding the right resources. We believe that intelligence does not only involve your IQ score. Rather, it is the combination of various skill sets and the ability to apply these skills to solve real-life problems. Our goal at PiForKids for publishing the Brainstorm series is to hone specific skill sets at a time and to provide the necessary tools for parents to encourage their children s growth.
