The Role of Happiness in People s Lives: 10 Years of the Chinese People s Livelihood (Paperback)

Filesize: 4.56 MB

Reviews

The most effective publication i ever study. I am quite late in start reading this one, but better then never. You wont sense monotony at whenever you want of your time (that's what catalogs are for concerning in the event you ask me).

(Prof. Erin Larson I)

ACA Publishing Limited, United Kingdom, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Despite decades of double-digit GDP growth in China, many of the country s residents are still far from being happy. Why have decades of high economic growth not resulted in more widespread happiness? What is the link between happiness and GDP? What is the party and government doing to address the situation and what will they do in the future? The Role of Happiness in People s Lives: 10 Years of the Chinese People s Livelihood charts the progress of wealth creation and distribution in China since the early period of opening up to the outside world economically in the early 1980s and the development of a market-oriented economy through the current 12th Five-Year Plan period (2011-2015) with particular emphasis on the past 10 years. Written by Xu Jingyue, Hua Chunyu et al, this book is edited and published by ACA Publishing in association with CNPIEC as part of a five-book series called Exploring Modern China . The Role of Happiness in People s Lives: 10 Years of the Chinese People s Livelihood digs deep into the thinking behind past, present and future policies directed at improving people s livelihood and making them happier, and analyses specific targets set in recent years. For anyone that wants to achieve a deep understanding of what keeps China s leadership awake at nights as it strives to translate decades of high-speed economic growth into a more satisfied and happy population, this book is a must read.
