Rheumatoid Arthritis

By Raashid Luqmani, Theodore Pincus, Maarten Boers

Oxford University Press. Paperback. Book Condition: new. BRAND NEW, Rheumatoid Arthritis, Raashid Luqmani, Theodore Pincus, Maarten Boers, Rheumatoid Arthritis is a common rheumatic condition that affects around 1-2% of the population and without adequate therapy results in significant disability. Recent advances in the pathogenesis of the rheumatoid arthritis have led to the dramatic development of powerful new therapeutic agents that target specific disease mechanisms. Increasing use of intensive conventional therapy and the advent of more advanced biologic agents has altered our expectations of the drug treatment of the disease. Part of the Oxford Rheumatology Library series, this practical pocketbook summarizes the important recent developments that have been made in the understanding of the pathogenesis, diagnosis and management of rheumatoid arthritis for the wide audience of clinicians who manage patients with this condition. Chapters include concise but comprehensive overviews of underlying disease mechanisms, clinical diagnosis and assessment, the role of laboratory investigations and imaging, the use of anti-inflammatory drugs, the role of disease modifying therapy steroids and biologic agents and the role of multidisciplinary care.

Reviews

A very amazing ebook with lucid and perfect answers. it was actually writtern quite flawlessly and useful. Its been written in an exceedingly basic way and it is simply right after i finished reading this publication in which basically changed me, change the way i really believe.

-- ***Garett Stanton***

Basically no terms to clarify. It can be writter in basic terms instead of difficult to understand. I am easily could get a enjoyment of reading through a composed publication.

-- ***Dr. Hazel Ziemann IV***
